

Chef Pak®

Chef Pak® was designed by professional chefs who wanted a better way to carry all of their gear without using multiple bags or cases. Chef Pak®, the only combination backpack and removable knife case, is able to carry all of a chef's gear and hold up to the wear and tear of the kitchen. The company headquarters is located in New York and products ship from the company's New Jersey facility.

The Chef Pak® is designed to accommodate the specific needs of a chef: it's a sporty backpack with a customized knife case portfolio that fits firmly in the back pocket. The knife case holds up to 13 knives/garnishing tools and is made of a durable, heavy-duty material to ensure the wearer's safety. While other backpacks or knife cases have limits, the CHEF PAK® is specially designed to hold the knife case, multiple cooking tools, chef uniforms, 17-inch laptop computer, and much more.
