

M5 is a family owned company whose mission is to import truly premium organic and natural foods. Currently we import from Italy(balsamic vinegar, pasta, risottos, dressings, chutneys, & jellies), Galapagos Islands(coffee) and Chile(organic oil, seafood, spice & fruit).

Geomar is a Chilean seafood company pioneering a new niche of premium, canned seafood based on non-traditional products found along the famed, clean and unpolluted Chilean coast. The company has invested heavily in intense quality control and value added processes. The result is a seafood with unsurpassed texture and taste. M5 Corporation imports selected Geomar seafood products that are particularly suited for the gourmet chef and is pleased to offer a selection through the ChefEx program.
