

NIELSEN-MASSEY VANILLAS

purity

Culinary professionals enjoy our highest quality vanillas and fine flavorings. Our products are available in convenient, cost effective quantities, making it easy to incorporate only the best into today's menus. Whether using it for crême brûlée, lobster with vanilla sauce, classic ice cream or an amuse bouche, Nielsen-Massey's vanillas and fine flavorings offer inspiration to the chef.

tradition

It starts with a family dedicated to pure vanilla products since 1907. Add the finest vanilla beans available – hand picked for quality, and the process has begun. Next, an exclusive Nielsen-Massey cold extraction process slowly and gently distills the delicate and distinctive flavor from the vanilla beans – taking up to five weeks to produce a single batch of vanilla. The result is the finest pure vanilla in the world – perfect for the discriminating chef.

quality

Although vanilla is the heart and the foundation of our more than 100 year tradition, we are now offering a new line of Pure Flavor Extracts including Pure Chocolate, Almond, Orange, Lemon, Coffee and Peppermint Extracts, Orange Blossom and Rose Waters. As with all our products, these are produced with the strictest quality standards, with new flavors on the horizon. As Nielsen-Massey Vanillas continues to grow, we remain mindful of our flavorful past and look forward to a tasteful future.

NIELSEN-MASSEY VANILLAS

Tahitian Pure Vanilla Products

Tahitian Pure Vanilla comes from the orchid *Vanilla Tahitensis Moore* in exotic French Polynesia. This distinctly unique vanilla is known for its delicate, aromatic, cherry-like flavor. It has a special affinity for fruit and is a favorite among pastry chefs worldwide. Tahitian Pure Vanilla is best used in products that are not subjected to high heat, such as refrigerated and frozen desserts, pastry creams, fruit pies and sauces, smoothies and shakes, puddings and custards. Tahitian Vanilla Beans are plump, moist, flavorful beans with the same unique vanilla flavor and aroma of the Tahitian Pure Vanilla Extract.

Organic Madagascar Pure Vanilla Products

We are pleased to offer our signature Madagascar Bourbon Pure Vanilla Extract in an Organic form. This vanilla is made from the highest quality organically grown vanilla beans and certified organic alcohol. The beans used are the fruit of the *Vanilla Planifolia Andrews* orchid. As in the production of Nielsen-Massey's traditional Madagascar Bourbon Pure Vanilla, the organic product is made using our unique cold extraction process.
