

Certified Gluten Free

About NuLife Foods

At NuLife Foods, we offer great tasting, certified gluten free foods that help people with food sensitivities to be free.

Our certified gluten free foods are also free of other common food allergens, such as casein, soy, corn, eggs, peanuts, tree nuts and shellfish.

NuLife Foods are produced using Good Manufacturing Practices (GMPs) to guarantee the integrity of every product in a USDA-inspected, FDA approved manufacturing facility. We also lab-test all our ingredients and each product batch we produce for the presence of gluten.

We certify that our products contain less than 10 ppm (parts per million) of this allergen.

Relevant Statistics

- *More than 12 million Americans have food allergies (that's 1 in 25 or 4%) and one in 4 have a food sensitivity*
- *1 in 133 people has celiac disease and scientists estimate 1 in 30 may have a gluten intolerance*
