

Established in 1987, **Takaokaya USA., Inc.** has been a leading purveyor of fine, savory & high quality sushi wraps in North America.

Takaokaya products are now available through Sysco ChefEx!

Nori

Traditional sushi wrap, **Nori** seaweed, is made during the winter season. Harvested in the ocean without any additive, **Nori** is produced in a rack drying process similar to paper making.

Soy Crepe

An unique line of new style sushi wraps, **Soy Crepe**, is made of egg and soy protein with a variety of colors and toppings. This is often used as an alternative wrapping material in sushi making, but it can also be used to make many other creative wrapped dishes!

Sushi Wrap Nori Seaweed
