Corporate Social Responsibility

As the largest distributor of food and related products, we have significant opportunities to affect change.

We focus our sustainability efforts under three pillars:

People, Products and Planet.

People

The success of our business depends on attracting the top talent in the foodservice industry and creating a culture of partnership with our customers to meet their needs. We are committed to fostering inclusion, providing a safe and healthy workplace and promoting professional development for nearly 65,000 associates.

Products

Sysco has always been committed to supplying customers with food products that meet high standards of safety, quality and traceability.

Planet

Reducing the environmental impact of our operations makes good business sense. We continuously improve resource efficiencies in our logistics chain and in our warehouses.

Our goal is to direct 75% of community donations and volunteerism toward hunger relief initiatives, taking a stand in the fight against hunger.
