

FLAME GRILLING PRODUCTS

The family who brought you Maine wood products are back with a new company!!!

Flame Grilling Products is a family owned and operated business located in the hill country of coastal Maine. The company started as a small Internet business with family members pitching in to produce and package orders to become a major supplier of chips, chunks, oval and rectangle grilling planks, smoker logs, and smoking dust to restaurants and retailers throughout the USA and Canada.

It is not uncommon to see neighbors delivering wood from their family lots in vintage pickups greeting common carriers with pallet loads of finished product heading for market. Thanks to the commitment from all of our family of suppliers and employees who truly believe that "Quality on Time, Every Time" is job security, we look forward to every new customer that discovers our product.
