Our 100% raw agave syrup is a delicious, unprocessed, natural low glycemic sweetener made purely from the extract of the Mexican agave plant. This healthy sweetener takes the place of sugar, honey, corn syrup, maple syrup, chemical sweeteners and poor tasting natural sweeteners. Our agave has 1/3 the glycemic index of sugar, making it suitable for most types of diabetics and others who are monitoring their sugar intake. Organic Nectars agave syrup has a clean, light taste and texture, without any aftertaste, does not overpower food flavor and it blends easily into cooked and raw foods and beverages, whether hot or cold.

Use Organic Nectars agave in a variety of food and beverage recipes –to sweeten tea, coffee, milks, smoothies, blended drinks, in cookies, pies, muffins, cake, ice cream, sorbets, ices, as a fruit topping, drizzled on waffles, pancakes and cereal, on nuts, etc. Try our two most popular varieties in Light (instead of white sugar) & Dark (instead of brown sugar and maple syrup).
