

# TAKAOKAYA

Established in 1987, Takaokaya USA., Inc. has been a leading purveyor of fine, savory, & high quality sushi wraps in North America. Products are now available through Sysco ChefEx!

Traditional sushi wrap, Nori seaweed, are made during winter season. Harvested in ocean without any additive, Nori is produced in a rack drying process similar to paper making. An unique line of new style sushi wraps, SoyCrepe is made of egg and soy protein with a variety of colors and toppings. This is often used as an alternative wrapping material in sushi making, but it can also be used to make many other creative wrapped dishes!

Takaokaya USA., Inc. is USDA organic & Kosher certified processor.
