

The SYSCO ONE-CLICK packaging review and approval system provides greater benefits to both SYSCO and its Suppliers by using SYSCO/Supplier collaboration of product data to further reduce packaging review turn-times. This process combines SYSCO Item Master File data, Quality Assurance Specification data and packaging artwork into a managed process controlled through a centralized communications portal facilitating faster, smoother reviews.

As a reminder when developing Sysco artwork, all SYSCO Brand packaging reviews will be processed within the SYSCO Design Center, located at <http://syscodesigncenter.logix3.com>.

Upon request, training information, online training classes and user guides can be emailed to registered users in your company.

The SYSCO Design Center helpdesk can be reached at 1-877-430-5793 or through email at sysco@logix3.com for any questions you may have.

For more information contact the Sysco packaging Team.
